West Seattle Link Extension

Construction alert

September 2026

Upcoming parking restrictions on Fauntleroy Way SW

Starting as early as Thursday, September 24, Sound Transit crews will close part of one lane on Fauntleroy Way Southwest at Southwest Avalon Street, and some street parking will also be restricted as crews complete geotechnical exploration. Crews will limit their access to necessary areas to minimize disruptions. This work is necessary to safely design and construct the final alignment of the West Seattle Link Extension by collecting information about soil conditions.

What

Setting up a work zone and temporarily blocking a section of the southbound lane on Fauntleroy Way SW, south of SW Andover Street. Crews will also restrict some parking in the work zone.

When

Starting on Thursday, September 24 from 8 a.m. to 5 p.m. for approximately five to seven days.

Where

Fauntleroy Way SW, south of SW Andover Street. Please see the map on the back for more detail.

More

- Due to inclement weather or unforeseen issues, dates and times are subject to change.
- Driveways and properties will remain accessible while work is performed.
- Drilling equipment will sound like a truck engine running, with occasional hammering. Please expect some noise while crews perform this work

About the project

The West Seattle Link Extension will add three new stations at SODO, Delridge, and Alaska Junction, providing fast and reliable light rail connections to West Seattle neighborhoods. This project is part of the regional transit system expansion approved by voters in November 2016. soundtransit.org/wslink
